1 GPS Versuch

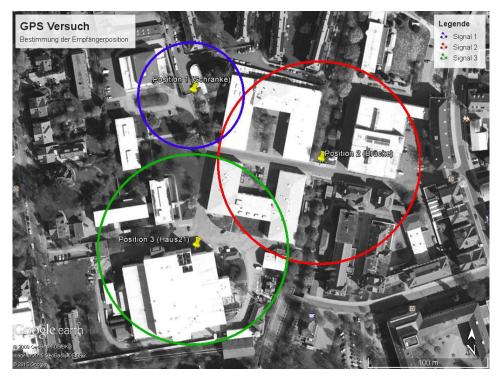

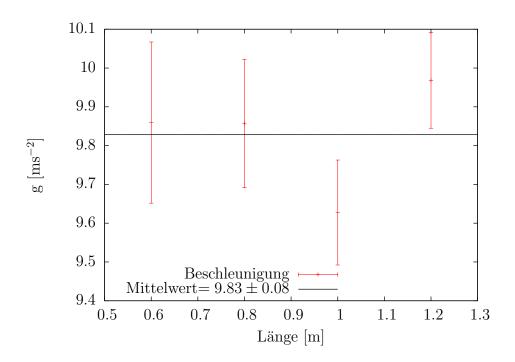

Abbildung 1: muss ich mir noch überlegen

2 Foucaultsches Pendel

$$T = 2\pi \sqrt{\frac{l}{g}} \tag{1}$$

$$g = 4\pi^2 \frac{l}{T^2} \tag{2}$$

$$\sigma_g = \frac{4\pi^2}{T^2} \sqrt{\sigma_l^2 + \left(\frac{2l}{T}\right)^2 \cdot \sigma_T^2} \tag{3}$$

3 Erdumfang
